BUILD FAIR ALLIANCE

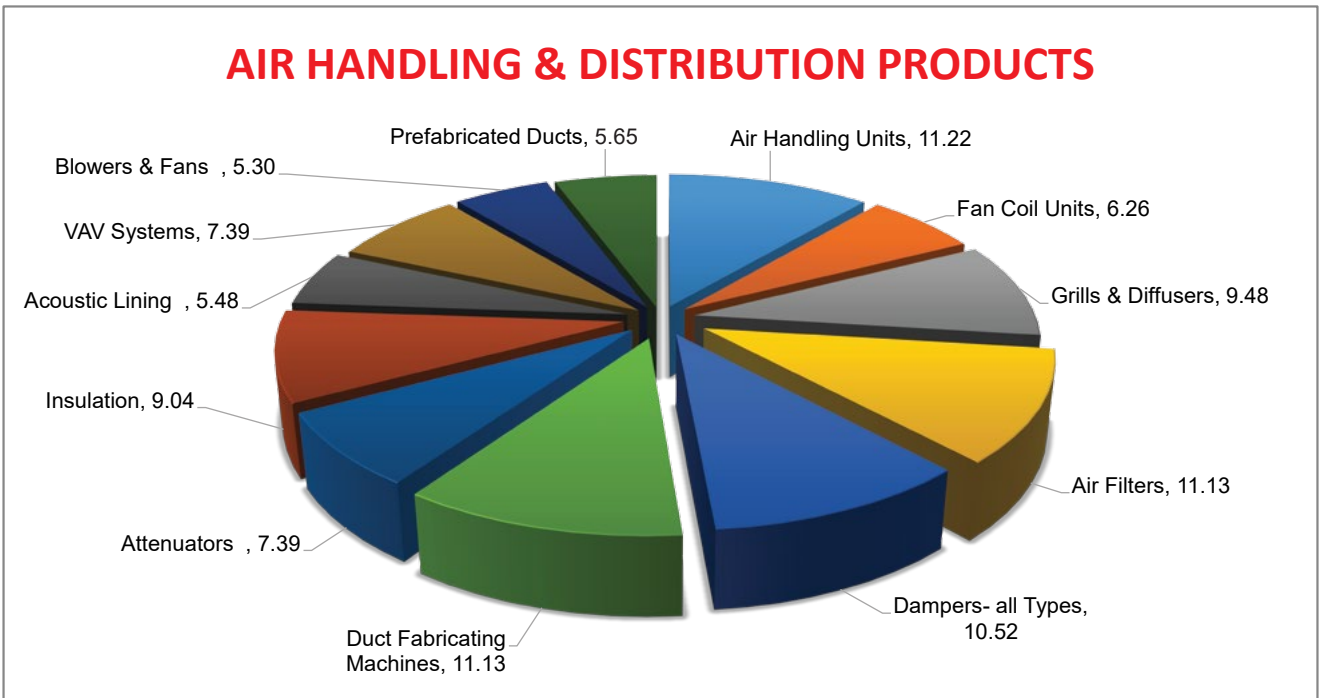

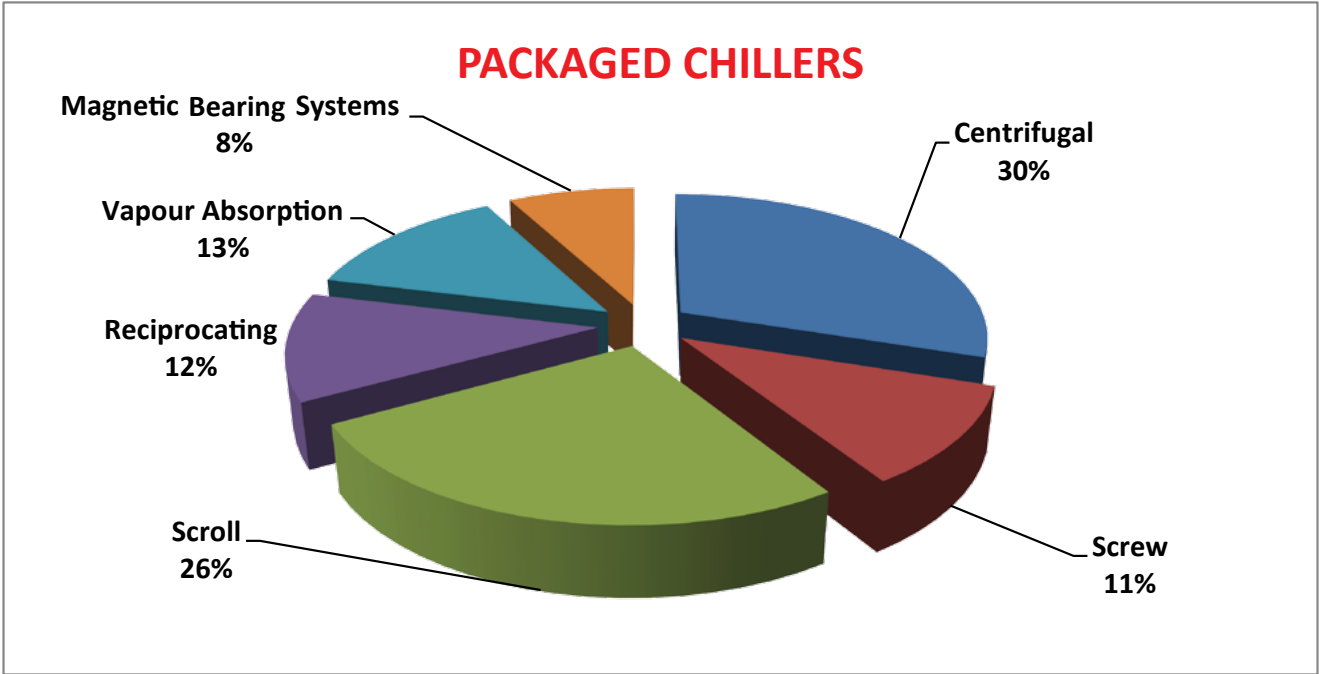

Integrated Building Solutions

The 18th edition of ACREX India 2017 had a grand opening with the lighting of lamps and ganesh vandana. The who's who of the Build industry attended the ceremony. The coming together of the five shows of the Building industry, Build Fair Alliance, created an unparalleled benchmark.

The BFA initiative by ISHRAE with the support of NuernbergMesse India successfully brought to the forefront five independent shows catering to the various segments of the construction industry. This not only created the largest platform for networking but led to huge increase in the number of visitors, making ACREX India 2017 a roaring success.
